SAMSUNG

Bespoke 23 cu. ft. Smart Counter Depth Side-by-Side Refrigerator with Beverage Center

Signature Features

Bespoke Design

Create a beautifully stylish and unique kitchen. The white glass finish is crafted from quality materials to blend seamlessly with your space.

Beverage Center

Enjoy refreshingly cold, filtered water conveniently. The Beverage Center includes a dispenser and AutoFill Water Pitcher — with the option to infuse with a flavour.

Dual Auto Ice Maker

Choose from cubed ice or Ice Bites™ that chill your drink faster.

Auto Open Door

Auto Open Door allows you to open the doors with less effort. Simply place your hand over the sensors and the door will softly nudge open automatically*.

* The door automatically opens about 25 mm. If you do not open the door further, it will close automatically after 2 seconds (automatic closing may not be possible in certain environments).

Installation Specifications

1. Measure the height, width and depth of the opening, making sure to include baseboards, molding tile, countertop overhang, etc. Check to be sure there is enough room to open the door (consider walls, islands or other obstacles when measuring).
2. Refer to illustration below to determine dimensions.
3. Allow $18\frac{11}{16}$ " of clearance on hinge side of refrigerator when installing next to a wall where handle may make contact.
4. Allow 1" minimum clearance at rear for proper air circulation and water/ electrical connections. Allow a $\frac{3}{8}$ " minimum clearance at sides and top for ease of installation.
5. Ensure each door and entryway in the home is wide enough for the refrigerator to be moved through easily.

For optimal usage and ability to open refrigerator doors completely, do not install next to a wall.

Please note: The following dimension and cutout information is for planning purposes only.

For complete installation details, consult manual packed with product or download manual online at [samsung.com](https://www.samsung.com).
